Subject: 10.9 Media/complaint Reports

My 9 TV station had a mention of the Passaic River on their "Chasing New Jersey" show on 10.8.13. A person we see often on the river (black boat with skull and crossbones) was the person showing the reporter around. He had video of one of our barges. Link below:

Also, a report came in from a resident that vessel activity (and subsequent wakes) damaged his dock and property. CPG is working to investigate.
